DEMPSEY FIGHT WAS FAKE, SAYS FRED FULTON

CALIFORNIA BOXER CLAIMS DEMPSEY DOUBLE CROSSED HIM IN FIRST ROUND—NOW WANTS TO MEET WINNER OF WILLARD-DEMPSEY FIGHT.

By The Associated Press.

San Francisco, Feb. 1.—Fred Fulton, author of the San Francisco Call today, made the statement that his fight with Jack Dempsey at Harrison Park, N. J., May 25, 1918, was a pre-arranged affair to the extent that he and Dempsey were to box an eight-round exhibition and that Dempsey won in the first round to "double-cross" him. Fulton said he wanted a chance to fight the winner of the proposed Willard-Dempsey match.

"I was in on the thing—the fake," he said. "I got nothing out of it except a thousand dollars in back pay. I am not afraid to say that I was taken in by the men who arranged the fight."

Now Jessie Willard is wanting to fight, and with Dempsey pleased to meet critics as the man to meet him, I do not propose to keep still any longer.

"I know I can whip either Dempsey or Willard. Perhaps I won't get the chance at Willard."

"By making a clean breast of the part I played in that Harrison Park affair, I hope the public will forgive me and grant me the privilege to fight for the world's championship. If not in the show that Tex Rickard is promoting, then with the man who wins the fight."

DEMPSEY OUT OF TOWN.

By The Associated Press.
Salt Lake City, Utah, Feb. 1.—Jack Dempsey, charged in a statement read today in the San Francisco Call, which was said to have been authorized by Fred Fulton, with "double-crossing" Fulton in an alleged pre-arranged fight at Harrison Park, July 25, last, left Salt Lake City today.

Dempsey came here several nights ago to visit his mother. He left his mother's home at noon today.

"He is out of town," she said. "I don't know where."

CENTURY OLD TREATY IS TO REMAIN IN FORCE WITH NORWAY

Dounced By America Beginning Today But Reinstated by Agreement With Modifications.

By The Associated Press.

Washington, Feb. 1.—By an exchange of notes today between Assistant Secretary of State Phillips and Minister Henn of Norway, the treaty of commerce and navigation between the United States and Norway, which was denounced by the State Department a year ago, effective tomorrow, was killed, the treaty to remain in force with changes eliminating articles in conflict with the seaman's act of 1915.

The treaty, nearly a century old, was of a number of such conventions which the American government found it necessary to denounce with the required year's notice because of conflicts with the seaman's act of 1915. Related to Norwegian consular control over Norwegian seamen in American ports. Without them, the treaty remains in effect just as it was negotiated in 1825.

NO ACCOUNTING FOR MORE THAN TEN THOUSAND

(Continued from Page One)

ing exceeded the estimate by more than 3,000 due to post to additional deaths from wounds and the listing as dead from men formerly reported missing. This number of 18,948 remained and has been published up to tonight, compared to 18,900 November estimated total of 18,936. Of those missing in action, 11,626 have been published sealed off estimated 1,200 listed and compensated with the 17,321 missing and unaccounted for in total, 1,200.

Examination of the losses by regiments shows clearly that the loss of the Fighting 10th fell on the infantry. Every division which got into action has seen more than twice as many men proportionately to the strength of the division than those of the regulars. Infantry plus battalions, trench mortars, tanks and machine gunners. A day or two ago, men had fully one-third of the full strength of 2,200 men, in killed, died or wounded.

When fighters on the wounded are examined, it is found that the total number in several regiments may exceed the full strength.

The 10th Infantry Regiment escaped with relatively light losses. In some cases, however, our battalions suffered severely and there were regiments that paid a heavy toll in their place in the front line.
